

# WEBMAP User Guide

WEBMAP is Ashfield's web mapping system that allows you to view spatial data.

(5) My Community tool

(4) Address, postcode, ref no search

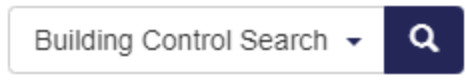

The screenshot shows the Ashfield WEBMAPX interface. At the top left is the Ashfield District Council logo and the text 'Ashfield WEBMAPX'. To the right is a search bar labeled 'Building Control Search' with a magnifying glass icon and navigation icons (home, zoom in, zoom out, refresh, full screen). Below the search bar is a 'SHOW LAYERS' panel with a list of layers and checkboxes. A pink box highlights this panel. To the right of the panel is a callout box with instructions. At the bottom left is a 'Base Map' selector with a pink callout box. At the bottom right is a callout box pointing to a small arrow icon on the map. The map itself shows a residential street grid with orange outlines and red house icons. The Ashfield District Council logo is also visible in the bottom right corner of the map area.

**(2) Select layers**  
Expand/close layer list using the +/- in the bar  
Tick box next to layer to show on map  
**NB** If layer 'greyed out', zoom in closer

**(3) Change base layer**

**(1) Reveal Data Table**  
Click the arrow to pull out the data label

## SEARCH (4)

You can search on address, street, postcode planning application and building control application reference

Search – click the dropdown arrow to choose the search then type in the box and click

The search results can be seen by opening the data table (1)

Home – this returns the view to the home screen for the project

Clear – removes all annotations from the screen

Refresh – updates the view with any changes

Help – opens how to use guide

## BASELAYERS (3)

### Base Layers available:

Open Street Map

Ashfield OS Outdoor

Aerial 2016

To access the base layer options, click the small map in the bottom left of your screen.

# PROJECT Toolbar

## LAYER Tools – (2)

Allows the visible layers to be switched on or off

**Expand list**

**Filter data eg BFR2 on SiteReference**

**Apply filter to map**

**Clear filter**

**Click for further information**

**Tick box to show layer**

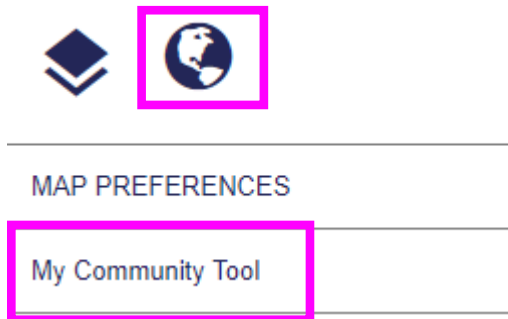

**Tick box to zoom to selection**

**When layers are displayed open Data Table (1)**

**Click links for more information**

| <input type="checkbox"/> BFR8  | 0.53 | <a href="https://www.ashfield.gov.uk/resider">https://www.ashfield.gov.uk/resider</a> |
| <input type="checkbox"/> BFR9  | 0.60 | <a href="https://www.ashfield.gov.uk/resider">https://www.ashfield.gov.uk/resider</a> |

## My Community Tool (5)

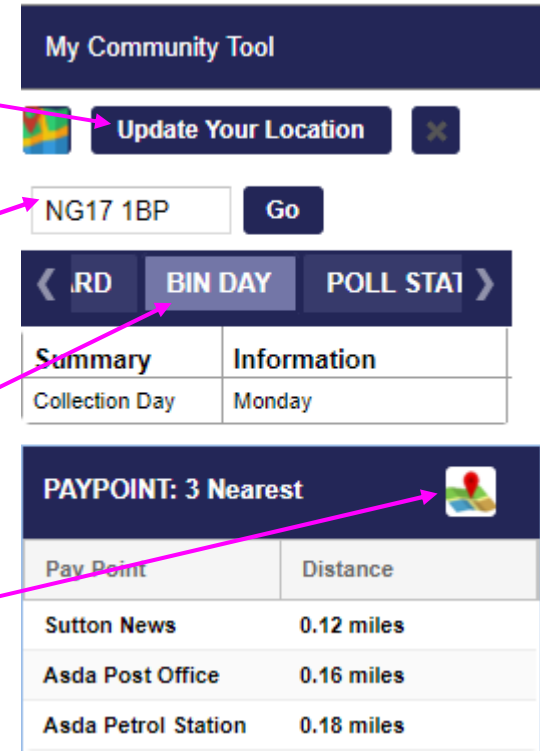

The My Community Tool shows local information eg. Bin collection day, ward or nearest Pay Point

Drag the map to your location and click 'update your location'

Type in your postcode and click 'Go'

Click tabs for information

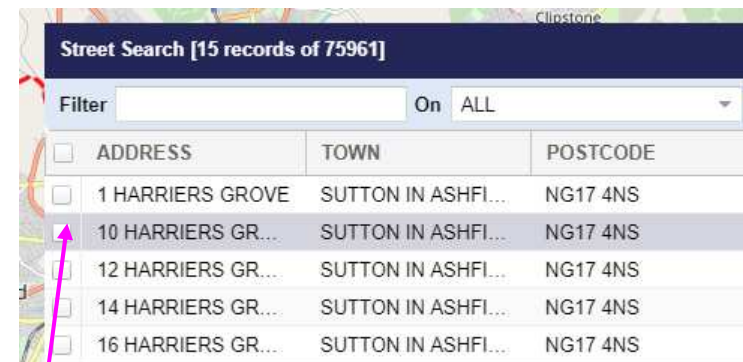

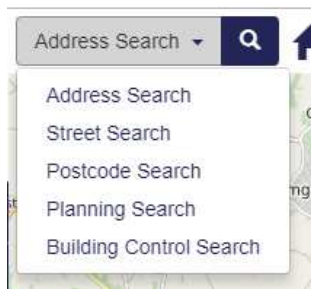

Click to reveal locations on the map

## HOW TO.....

.....Find an Address or Postcode

Select search type, type in box and select option. The data table will appear showing one or more addresses depending on the search type. Tick the required address box, The map will highlight and zoom to that address, untick the box to remove the highlight.

Tick the required address box.
