Business Leaders Networking Event

Future of Work:
**Artificial
Intelligence**

ABOUT

Ashfield District Council in association with Discover Ashfield would like to invite you to attend our business leaders networking event.

With the cost of doing business continuing to rise, UK companies face financial challenges. AI presents a solution, enabling businesses to scale and boost productivity and output, without high financial investment. Now is the time to explore how AI can streamline operations and support growth in the year ahead. Our speakers will inform, stimulate, and entertain you with all things relevant to how technologies, including robotics and artificial intelligence are impacting how we do business and how these shifts are changing society.
